

## What is a CAC Member?

The Community Advisory Committee (CAC) provides a way for citizens to participate in the Tampa Bay Estuary Program through advisory and volunteer efforts. CAC volunteers work with the TBEP by:

- Communicating with their local elected officials to voice support for continued funding of TBEP
- Volunteering for TBEP-sponsored activities or events
- Assisting in organizing public forums and workshops
- Representing TBEP on other committees or boards
- Providing feedback on Program goals

If you would like to become a CAC member, please [download the membership application](#).

If you would like more information about the CAC, please contact the TBEP office at (727) 893-2765 or [misty@tbep.org](mailto:misty@tbep.org).
